- WeThinkCode Gen_AI Certificate
- Udemy: Mike Wheeler Service Cloud
- 16 Salesforce Superbadges completed
- 205+ Trailhead Badges | 102,000+ Trailhead points | Double Star Ranger

PROJECT EXPERIENCE

Salesforce Configuration Project — Mzansi GreenTech Solutions | LC Studio

- Set up company settings, branding, roles, profiles, and permission sets for a renewable energy client rolling out across Southern Africa.
- Wrote validation rules and configured page layouts to improve data quality and usability.
- Configured sharing rules so Sales and Operations users could access only the information required for their roles.
- Supported Flow and process automation to reduce repetitive manual work.

Service Cloud Configuration Project — CloudSphere Technical Support | LC Studio

- Built a 3-tier case management system from scratch using custom support processes, record types, and escalation rules tied to business hours.
- Configured a Service Cloud console app with Omni-Channel sidebar, utility items, and separate access for System Administrator, Sales, and Support profiles.
- Configured Email-to-Case with on-demand service, auto-response emails, and requeue handling.
- Created reports and dashboards covering open cases, case volumes by tier, and average resolution times.
- Configured Dynamic Forms and a custom Lightning home page tailored to support users.

Sales Cloud Configuration Project — Shipwrights Ltd. | LC Studio

- Designed a role hierarchy for owner/executive and international sales users with scalability for future users.
- Configured multi-currency with ZAR as the base currency plus USD, GBP, JPY, and KRW.
- Built a product catalogue with Standard, Premium, and Discounted price books across ship parts, submarine components, and maintenance work.
- Configured the lead-to-opportunity pipeline with business-aligned stages, validation rules, and Path guidance.

- Created reports for closed deals, open pipeline, revenue by region, and product performance.
- Configured Contracts and Orders for long-term service agreements and supported automation between Sales and Service.

FuturePath Employment Hub — Salesforce & Flutter Capstone Project | LC Studio

- Built a youth employment platform end-to-end, using Salesforce as the data platform and a Flutter mobile app as the front end, connected via REST API integration.
- Modelled applicants, training programmes, employers, and job opportunities in Salesforce with validation rules, Flows, and duplicate prevention.
- Integrated Salesforce with Google Sheets to export approved records for consumption by the Flutter app.
- Supported the applicant journey from programme application and enrolment through to job opportunities.
- Built reporting dashboards to provide visibility into applicant and programme stages.

PROFESSIONAL EXPERIENCE

Salesforce Administrator Intern | LC Studio | Cape Town | January 2026 – Present

- Apply Salesforce administration and development skills, including Apex, LWC, and Visualforce, in a real business environment.
- Support Salesforce configuration, CRM data management, user access, and day-to-day platform needs.

External Sales Representative | Eazi Real Estate | Cape Town | March 2024 – September 2025

- Managed property viewings, client follow-ups, scheduling, and Salesforce records throughout the sales process.
- Guided buyers through viewings, bond applications, and key handover.
- Performed lead qualification, prospecting, and supported property valuations.

Property Manager | RE/MAX | East London | February 2023 – October 2023

- Managed property administration, tenant queries, and day-to-day office coordination in a busy sales environment.
- Maintained professional client communication and accurate administrative records.

Property Manager | Godlyn Rentals | East London | March 2021 – January 2023

- Managed leases, invoices, rental processes, tenant communication, and property administration for a residential portfolio.
- Coordinated viewings and day-to-day administrative activities in a fast-paced environment.

TRAINING

Youthforce Salesforce Certification Programme — LC Studio | September 2025 – Present

Full-time structured programme covering Salesforce administration, hands-on org configuration, workplace skills, real project briefs, live org work, and Trailhead modules.

VOLUNTEERING & LEADERSHIP

Captain & Coach — Buffalo Rowing Club | Accredited by Rowing South Africa

- Ran training sessions, organised regatta preparation, and coordinated logistics.
- Coached athletes one-on-one and supported event planning.
